COSTS, FEES AND CHARGES

Program fees do **NOT** include associated material or additional requirements costs; including, but not limited to books, supplies, uniforms, testing fees, background checks, insurance, etc. and are additional.

Students are responsible for paying for all books and materials at time of issue. For those students with funding assistance, books and materials are included only if specifically noted.

Students are required to obtain all necessary books and materials as listed for each program; this includes the proper editions. However, they are NOT obligated to purchase books and materials from CAJ; they are offered as a convenience and while quantities last. Workbooks and study guides purchased elsewhere must be NEW without markings of any kind.

The re-take or extension of a program block, or class, is subject to a fee (fees vary by program). This fee:

- **IS** subject to prior approval
- **IS** subject to availability
- is **NOT** covered by student funding assistance without approval from funding source
- is **NOT** available for all programs
- does **NOT** include the cost of books, materials or any additional fees associated with the class requirements (i.e. fingerprinting, drug testing, etc.)

If a urine sample for a drug test is not suitable, a \$20 fee is due for each subsequent attempt.

**Program fees and material costs are subject to change without notice.
Student is responsible for increases prior to purchase.**
