SATISFACTORY ACADEMIC PROGRESS (SAP)

The U.S. Department of Education, Federal Student Aid mandates financial aid students to meet and maintain qualitative and quantitative academic progress standards as they progress through their educational program. These standards apply to all coursework taken whether or not financial aid was received in the past.

All students who receive federal or state financial aid must maintain satisfactory academic progress (SAP) towards the completion of an eligible program of study. Financial aid eligibility is determined in compliance with federal and state regulations as well as institutional policies and does not discriminate on the basis of race, religion, color, national origin, gender, age, disability, medical condition, sexual orientation, or other legally protected basis. If a student wishes to file a grievance, then they should follow the directions outlined in the college catalog

At the end of each block, students are evaluated based on the following standards:

What is Satisfactory Academic Progress (SAP)?

- Satisfactory Academic Progress standards are broken down into two standards: Qualitative and Quantitative. The Qualitative Standard is a Grade Point Average (GPA) requirement, while the Quantitative Standards are a Completion Rate requirement.

GPA: Maintain a Cumulative GPA of 2.0 or Higher

- Once grades post at the end of the semester, the overall GPA is used calculated. A, B, C, D, and F grades will be used in the calculation.

Completion Rate: Complete 67% of All Attempted Units

- A, B, C, D, F, P, NP, I (Incomplete), or MW (Military Withdrawal) grades will be used to calculate completion rate. Transfer coursework officially submitted and evaluated by Admission and Records will also be included in the calculation
- Formula: $\text{Total Clock Hours Earned} \div \text{All Clock Hours Attempted} = \text{Completion Rate}$

Quantitative Measurement

- Clock-hour programs as measured by the cumulative number of clock-hours the student is required to complete, expressed in calendar time
- Process for Incompletes, Withdrawals, Repetitions, and transfer of credit from other schools
- All SAP measurements must be cumulative
- Formal SAP evaluations correspond to the end of a payment period
- Frequency of SAP evaluation
 - Must include evaluation at the end of each payment period for programs of one year or less
 - For all other programs, at least an annual review to correspond with the end of a payment period
- Notifying students of results of any SAP review that impacts student Title IV eligibility
- Regardless of appeal process, school must always describe how a student who has lost Title IV aid due to failing SAP can reestablish eligibility for Title IV aid
- Remedial coursework must be factored into a qualitative measurement but is not required to be included in the quantitative measurement

Qualitative – Minimum Grade Point Average (GPA)

- Student must maintain a minimum, cumulative grade point average of 2.0. The most recent grade for a renewal courses is used code GPA. All grades for academic renewal course are used to determine GPA
